| Immunogen                | Synthesized peptide derived from human protein . at AA range: 10-90                                                                                                                                                                                           |
| Produktbeschreibung      | This gene encodes a centromere protein that is a component of the CENPA-NAC (nucleosome-associated) complex. This complex is critical for accurate chromosome alignment and segregation and it ensures proper mitotic progression. This protein regulates ... |
