| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IF, IHC, WB                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Purified recombinant fragment of human Catenin-gamma expressed in E. Coli.                                                                                                                                                                                    |
| Produktbeschreibung      | This gene encodes a major cytoplasmic protein which is the only known constituent common to submembranous plaques of both desmosomes and intermediate junctions. This protein forms distinct complexes with cadherins and desmosomal cadherins and is a me... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
