| Applikation              | ELISA, WB                                                                                                                                                                                                                                                                 |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                                     |
| Immunogen                | Purified recombinant fragment of MYL2 expressed in E. Coli.                                                                                                                                                                                                               |
| Produktbeschreibung      | Thus gene encodes the regulatory light chain associated with cardiac myosin beta (or slow) heavy chain. Ca <sup>+</sup> triggers the phosphorylation of regulatory light chain that in turn triggers contraction. Mutations in this gene are associated with mid-left ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                                |
| UniProt                  | <a href="#">P10916</a>                                                                                                                                                                                                                                                    |
