| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IF, IHC, WB                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Purified recombinant fragment of PYK2 (aa815-997) expressed in E. Coli.                                                                                                                                                                                       |
| Produktbeschreibung      | This gene encodes a cytoplasmic protein tyrosine kinase which is involved in calcium-induced regulation of ion channels and activation of the map kinase signaling pathway. The encoded protein may represent an important signaling intermediate between ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
