| Hersteller               | Assay Biotechnology                                                                                                                                                                                                                                           |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IF, IHC, WB                                                                                                                                                                                                                                                   |
| Spezies Reaktivität      | Canine, Hamster, Human, Insect, Mouse, Primate, Rabbit, Rat                                                                                                                                                                                                   |
| Konjugation              | FITC                                                                                                                                                                                                                                                          |
| Produktbeschreibung      | This gene encodes one of six different actin proteins. Actins are highly conserved proteins that are involved in cell motility, structure, and integrity. This actin is a major constituent of the contractile apparatus and one of the two nonmuscle cyto... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">P60709</a>                                                                                                                                                                                                                                        |
| Quelle                   | Monoclonal, Mouse IgG1                                                                                                                                                                                                                                        |
| Reinheit                 | The antibody was affinity-purified from mouse ascites by affinity-chromatography using specific immunogen.                                                                                                                                                    |

|                        |                                                                                                                                                               |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid in PBS, pH 7.4, containing 0.02% sodium azide as preservative and 50% Glycerol.                                                                        |
| Application Verdünnung | Optimal working dilutions should be determined experimentally by the investigator. Suggested starting dilutions are IF (1:250 - 1:2000), FCM (1:250 - 1:2000) |
