| Artikelname              | CD5 Antibody (10G8), Mouse, Monoclonal                                                                                                    |
| Artikelnummer            | AST-N1336                                                                                                                                 |
| Hersteller Artikelnummer | N1336                                                                                                                                     |
| Alternativnummer         | AST-N1336-100,AST-N1336-200,AST-N1336-40                                                                                                  |
| Hersteller               | Assay Biotechnology                                                                                                                       |
| Wirt                     | Mouse                                                                                                                                     |
| Kategorie                | Antikörper                                                                                                                                |
| Applikation              | IF, IHC                                                                                                                                   |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                         |
| Immunogen                | Synthetic Peptide of CD5                                                                                                                  |
| Produktbeschreibung      | function:May act as a receptor in regulating T-cell proliferation. CD5 interacts with CD72/LYB-2.,similarity:Contains 3 SRCR domains.,... |
| Klonalität               | Monoclonal                                                                                                                                |
| UniProt                  | <a href="#">P06127</a>                                                                                                                    |
| Quelle                   | Monoclonal, Mouse                                                                                                                         |
| Reinheit                 | The antibody was affinity-purified from mouse ascites by affinity-chromatography using specific immunogen.                                |
| Formulierung             | PBS, pH 7.4, containing 0.5%BSA, 0.02% sodium azide as Preservative and 50% Glycerol.                                                     |

|                        |                           |
|------------------------|---------------------------|
| Application Verdünnung | IHC 1:50-200. IF 1:50-200 |
|------------------------|---------------------------|
