| Immunogen                | Recombinant Protein of Tubulin alpha-1A chain                                                                                                                                                                                                                 |
| Produktbeschreibung      | tubulin beta 3 class III(TUBB3) Homo sapiens This gene encodes a class III member of the beta tubulin protein family. Beta tubulins are one of two core protein families (alpha and beta tubulins) that heterodimerize and assemble to form microtubules. ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
