| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Synthesized peptide derived from human NF kappaB P50                                                                                                                                                                                                          |
| Produktbeschreibung      | nuclear factor kappa B subunit 1(NFKB1) Homo sapiens This gene encodes a 105 kD protein which can undergo cotranslational processing by the 26S proteasome to produce a 50 kD protein. The 105 kD protein is a Rel protein-specific transcription inhibito... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">P19838</a>                                                                                                                                                                                                                                        |
| Quelle                   | Monoclonal, Mouse                                                                                                                                                                                                                                             |
| Reinheit                 | The antibody was affinity-purified from mouse ascites by affinity-chromatography using specific immunogen.                                                                                                                                                    |

|                        |                                                                         |
|------------------------|-------------------------------------------------------------------------|
| Formulierung           | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide. |
| Application Verdünnung | IHC1:50-200 ,WB 1:1000-2000                                             |
