| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IHC                                                                                                                                                                                                                                                    |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                                                                                                  |
| Immunogen                | Synthesized peptide derived from human CD61 AA range: 1-100                                                                                                                                                                                                   |
| Produktbeschreibung      | The ITGB3 protein product is the integrin beta chain beta 3. Integrins are integral cell-surface proteins composed of an alpha chain and a beta chain. A given chain may combine with multiple partners resulting in different integrins. Integrin beta 3 ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">P05106</a>                                                                                                                                                                                                                                        |
| Quelle                   | Mouse, Monoclonal IgG1, kappa                                                                                                                                                                                                                                 |
| Reinheit                 | The antibody was affinity-purified from ascites by affinity-chromatography using specific immunogen.                                                                                                                                                          |

|                        |                                                |
|------------------------|------------------------------------------------|
| Formulierung           | PBS, 50% glycerol, 0.05% Proclin 300, 0.05%BSA |
| Application Verdünnung | IHC 1:200-400. ELISA 1:500-5000                |
