| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IF, IHC, WB                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | Assay Biotechnology secondary antibodies are available conjugated to enzyme, biotin or fluorophore for use in a variety of antibody-based applications including Western Blot, ImmunoHistoChemistry, ImmunoFluorescence, Flow Cytometry and ELISA. We offe... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Quelle                   | Goat                                                                                                                                                                                                                                                          |
| Reinheit                 | The antibody was affinity-purified by affinity-chromatography using antigen-specific immunogen.                                                                                                                                                               |
| Formulierung             | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                                                                                                                       |
| Application Verdünnung   | WB 1:1000-10000, ELISA 1:10000-20000, IHC 1:50-100 IF 1:50-1000                                                                                                                                                                                               |
