## Product Datasheet

### Macrophage/Monocyte Chemotactic Protein (MCP-3), Clone: [490], Mouse, Monoclonal ANO-MO-C40088D

|                          |                                                                                         |
|--------------------------|-----------------------------------------------------------------------------------------|
| Artikelname              | Macrophage/Monocyte Chemotactic Protein (MCP-3), Clone: [490], Mouse, Monoclonal        |
| Artikelnummer            | ANO-MO-C40088D                                                                          |
| Hersteller Artikelnummer | MO-C40088D                                                                              |
| Alternativnummer         | ANO-MO-C40088D-0.5MG, ANO-MO-C40088D-0.1MG                                              |
| Hersteller               | Anogen-Yes Biotech Laboratories                                                         |
| Wirt                     | Mouse                                                                                   |
| Kategorie                | Antikörper                                                                              |
| Applikation              | WB                                                                                      |
| Spezies Reaktivität      | Human                                                                                   |
| Immunogen                | Recombinant human MCP-3 (M.W. 8.5kDa containing 76 amino acids residues)                |
| Produktbeschreibung      | Mouse monoclonal antibody to human macrophage/monocyte chemotactic protein-3 (MCP-3)... |
| Klonalität               | Monoclonal                                                                              |
| Klon-Bezeichnung         | [490]                                                                                   |
| Isotyp                   | IgG1,k                                                                                  |
| Reinheit                 | Protein G affinity purified                                                             |

|                        |                                                                                                                              |
|------------------------|------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Aff. pur.                                                                                                                    |
| Lagerung               | Store at -20°C                                                                                                               |
| Target-Kategorie       | Human MCP-3                                                                                                                  |
| Application Verdünnung | Double distilled water is recommended to reconstitute the antibody.                                                          |
| Anwendungsbeschreibung | Western Blot: This antibody, when used at concentration of 0.5-2µg/mL will allow visualization of 0.1µg/lane of human MCP-3. |
