## Product Datasheet

### Interleukin-16 (IL-16), Clone: [398], Mouse, Monoclonal ANO-MO-C40089K

|                          |                                                              |
|--------------------------|--------------------------------------------------------------|
| Artikelname              | Interleukin-16 (IL-16), Clone: [398], Mouse, Monoclonal      |
| Artikelnummer            | ANO-MO-C40089K                                               |
| Hersteller Artikelnummer | MO-C40089K                                                   |
| Alternativnummer         | ANO-MO-C40089K-0.5MG, ANO-MO-C40089K-0.1MG                   |
| Hersteller               | Anogen-Yes Biotech Laboratories                              |
| Wirt                     | Mouse                                                        |
| Kategorie                | Antikörper                                                   |
| Applikation              | EIA, WB                                                      |
| Spezies Reaktivität      | Human                                                        |
| Immunogen                | Purified recombinant human IL-16                             |
| Produktbeschreibung      | Mouse monoclonal antibody to human interleukin 16 (IL-16)... |
| Klonalität               | Monoclonal                                                   |
| Klon-Bezeichnung         | [398]                                                        |
| Isotyp                   | IgG1,k                                                       |
| Reinheit                 | Protein G affinity purified                                  |
| Formulierung             | Aff. pur.                                                    |
| Lagerung                 | Store at -20°C                                               |
| Target-Kategorie         | Human IL-16                                                  |

|                        |                                                                                                                                                                                                                                                       |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | Double distilled water is recommended to adjust the final concentration to 1.00mg/mL.                                                                                                                                                                 |
| Anwendungsbeschreibung | ELISA: This antibody can be used as a capture antibody in sandwich ELISA applications for human IL-16 detection in combination with a monoclonal tracer/detection antibody (HRP-conjugated, Cat. No.: MO-C40089T). Suggested Capture Coating Dose:... |
