| Hersteller               | MedchemExpress                                                                                                                                                                                                                                                |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Produktbeschreibung      | The SIRP alpha V4/CD172a protein is an immunoglobulin-like cell surface receptor for CD47 that acts as a docking protein to facilitate the translocation of PTPN6, PTPN11, and other partners to the plasma membrane. It supports the adhesion of cerebell... |
| Molekulargewicht         | Approximately 50-70 kDa,based on SDS-PAGE under reducing conditions,due to the glycosylation.                                                                                                                                                                 |
| Formel                   | 140885(Gene_ID)P78324-1 (E31-R370, E33G, L44S, T50S, T52I, R54H)(Accession)                                                                                                                                                                                   |
| Anwendungsbeschreibung   | MCE Product type: Recombinant Proteins                                                                                                                                                                                                                        |
