## Product Datasheet

### Mucin1 [VU-3D1], Rabbit IgG Kappa, Recombinant Monoclonal Antibody IMQ-IQ667R-1

|                          |                                                                                      |
|--------------------------|--------------------------------------------------------------------------------------|
| Artikelname              | Mucin1 [VU-3D1], Rabbit IgG Kappa, Recombinant Monoclonal Antibody                   |
| Artikelnummer            | IMQ-IQ667R-1                                                                         |
| Hersteller Artikelnummer | IQ667R-1                                                                             |
| Alternativnummer         | IMQ-IQ667R-1-0.1                                                                     |
| Hersteller               | ImmuQuest                                                                            |
| Wirt                     | Rabbit                                                                               |
| Kategorie                | Antikörper                                                                           |
| Applikation              | FC, IF, IHC-Fr, IHC-P, WB                                                            |
| Spezies Reaktivität      | Human, Mouse                                                                         |
| Immunogen                | ZR-75-1 breast cancer cell line.                                                     |
| Produktbeschreibung      | Mucin1 [VU-3D1], Rabbit IgG Kappa, Recombinant Monoclonal Antibody...                |
| Klonalität               | Recombinant                                                                          |
| Konzentration            | 1mg/ml                                                                               |
| Klon-Bezeichnung         | [VU-3D1]                                                                             |
| NCBI                     | <a href="https://pubmed.ncbi.nlm.nih.gov/15115750">4582</a>                          |
| Pubmed                   | <a href=https://pubmed.ncbi.nlm.nih.gov/15115750 target=_blank rel=nofollow>15115750 |

|                        |                                                                                                                                                                                                                            |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | Recombinant Rabbit monoclonal antibody. Purified in phosphate buffered saline containing 0.09% sodium azide. This chimeric rabbit antibody was made using the variable domain sequences of the original Mouse IgG1 format. |
| Reinheit               | Protein A affinity purified                                                                                                                                                                                                |
| Target-Kategorie       | MUC-1                                                                                                                                                                                                                      |
| Application Verdünnung | Optimal antibody dilution should be determined by titration.<br>However, as a guideline try: WB: 1/1,000, ICC/IF 1/100, IHC: 1/100, FC:                                                                                    |
