| Alternativnummer         | ELA-PKSM041090-100UG,ELA-PKSM041090-20UG                                                                                                                                                                             |
| Hersteller               | Elabscience                                                                                                                                                                                                          |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                     |
| Applikation              | Cell Culture                                                                                                                                                                                                         |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                |
| Molekulargewicht         | calculated_mw: 18.5 kDa. observed_mw: 17-25 kDa                                                                                                                                                                      |
| Tag                      | C-His                                                                                                                                                                                                                |
| NCBI                     | <a href="#">8</a>                                                                                                                                                                                                    |
| UniProt                  | <a href="#">Q8BVZ5</a>                                                                                                                                                                                               |
| Expression System        | E.coli                                                                                                                                                                                                               |
| Reinheit                 | > 98 % as determined by reducing SDS-PAGE.                                                                                                                                                                           |
| Formulierung             | Lyophilized from sterile PBS, pH 7.4. Normally 5% - 8% trehalose, mannitol and 0.01% Tween 80 are added as protectants before lyophilization. Please refer to the specific buffer information in the printed manual. |
| Sequenz                  | Ser109-Ile266                                                                                                                                                                                                        |

|                  |                      |
|------------------|----------------------|
| Target-Kategorie | Interleukin-33,IL-33 |
|------------------|----------------------|
