## Product Datasheet

**Recombinant HIV-1 p24 Protein (group M, subtype B, strain HXB2) (His Tag)**  
**ELA-PKSV030192**

|                          |                                                                                                                                                                                                                      |

| Expression System        | E.coli                                                                                                                                                                                                               |
| Reinheit                 | > 90 % as determined by reducing SDS-PAGE.                                                                                                                                                                           |
| Formulierung             | Lyophilized from sterile PBS, pH 7.4. Normally 5% - 8% trehalose, mannitol and 0.01% Tween 80 are added as protectants before lyophilization. Please refer to the specific buffer information in the printed manual. |
| Sequenz                  | Pro133-Leu363                                                                                                                                                                                                        |
