| Hersteller               | MedchemExpress                                                                                                                                                                                                                                                |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Produktbeschreibung      | CDCP1 protein may be involved in cell adhesion and extracellular matrix association. Phosphorylation of CDCP1 may regulate the balance between anchorage and migration, proliferation, and differentiation. CDCP1 Protein, Human (339a.a, HEK293, His) is ... |
| Molekulargewicht         | Approximately 60-70 kDa,based on SDS-PAGE under reducing conditions,due to the glycosylation.                                                                                                                                                                 |
| Formel                   | 64866(Gene_ID)Q9H5V8-1 (F30-R368)(Accession)                                                                                                                                                                                                                  |
| Anwendungsbeschreibung   | MCE Product type: Recombinant Proteins                                                                                                                                                                                                                        |
