| Alternativnummer         | BOT-P023-640R-1ML-1ML                                                                                                                                                                                             |
| Hersteller               | Biotium                                                                                                                                                                                                           |
| Wirt                     | Mouse                                                                                                                                                                                                             |
| Kategorie                | Antikörper                                                                                                                                                                                                        |
| Applikation              | IF                                                                                                                                                                                                                |
| Spezies Reaktivität      | Human                                                                                                                                                                                                             |
| Konjugation              | CF640R                                                                                                                                                                                                            |
| Produktbeschreibung      | This recombinant monoclonal mouse antibody conjugate stains the nuclear membrane in human cells. Featuring Biotiums bright and photostable far-red fluorescent CF640R Dye (Ex/Em 642/662 nm). 100 ug/mL, 1 mL.... |
| Klonalität               | Recombinant                                                                                                                                                                                                       |
| Konzentration            | 100 ug/mL                                                                                                                                                                                                         |
| Klon-Bezeichnung         | [2406.NM]                                                                                                                                                                                                         |

|                        |                                                                             |
|------------------------|-----------------------------------------------------------------------------|
| Puffer                 | PBS, 50% glycerol, 2 mg/ml rBSA, 0.05% azide                                |
| Quelle                 | Animal                                                                      |
| Anwendungsbeschreibung | Immunofluorescence (PFA- or MeOH-fixed): 1-5 ug/mL, Does not react with rat |
