## Product Datasheet

### **RecombiMAb anti-rat/mouse CD71 (TfR1), Clone: [OX-26-CP059], Mouse, Recombinant BXC-CP059-INDUSTRIAL**

|                          |                                                                                      |
|--------------------------|--------------------------------------------------------------------------------------|
| Artikelname              | RecombiMAb anti-rat/mouse CD71 (TfR1), Clone: [OX-26-CP059], Mouse, Recombinant      |
| Artikelnummer            | BXC-CP059-INDUSTRIAL                                                                 |
| Hersteller Artikelnummer | CP059                                                                                |
| Alternativnummer         | BXC-CP059-1MG,BXC-CP059-5MG,BXC-CP059-25MG                                           |
| Hersteller               | Bio X Cell                                                                           |
| Wirt                     | Mouse                                                                                |
| Kategorie                | Antikörper                                                                           |
| Immunogen                | PHA-activated PVG rat lymph node cells                                               |
| Klonalität               | Recombinant                                                                          |
| Konzentration            | Lot specific,typically between 4-11 mg/ml                                            |
| Klon-Bezeichnung         | [OX-26-CP059]                                                                        |
| Molekulargewicht         | 150 kDa                                                                              |
| Pubmed                   | <a href=https://pubmed.ncbi.nlm.nih.gov/33499723 target=_blank rel=nofollow>33499723 |
| Reinheit                 | 95% , Determined by SDS-PAGE                                                         |
| Formel                   | PBS, pH 7.0, Contains no stabilizers or preservatives                                |

|                        |                                                                                                                                                                                                                   |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | Targeted drug delivery to the brain, Immunohistochemistry, Flow Cytometry, *Reported for the original mouse IgG1 antibody. For information on in vivo applications, please contact technicalservice bioxcell.com, |
