## Product Datasheet

### FlowMAb APC anti-mouse F4/80, Clone: [Cl:A3-1], Rat, Monoclonal BXC-FM0206-APC-100MCG-INDUSTRIAL

|                          |                                                                                      |
|--------------------------|--------------------------------------------------------------------------------------|
| Artikelname              | FlowMAb APC anti-mouse F4/80, Clone: [Cl:A3-1], Rat, Monoclonal                      |
| Artikelnummer            | BXC-FM0206-APC-100MCG-INDUSTRIAL                                                     |
| Hersteller Artikelnummer | FM0206-APC-100mcg                                                                    |
| Alternativnummer         | BXC-FM0206-APC-100MCG-100UG                                                          |
| Hersteller               | Bio X Cell                                                                           |
| Wirt                     | Rat                                                                                  |
| Kategorie                | Antikörper                                                                           |
| Spezies Reaktivität      | Mouse                                                                                |
| Immunogen                | C57BL/6 mouse thioglycollate stimulated peritoneal macrophages                       |
| Klonalität               | Monoclonal                                                                           |
| Konzentration            | Lot specific, typically between 4-11 mg/ml                                           |
| Klon-Bezeichnung         | [Cl:A3-1]                                                                            |
| Molekulargewicht         | 150 kDa                                                                              |
| Pubmed                   | <a href=https://pubmed.ncbi.nlm.nih.gov/30423296 target=_blank rel=nofollow>30423296 |
| Reinheit                 | 95% , Determined by SDS-PAGE                                                         |
| Formel                   | PBS, pH 7.0, Contains no stabilizers or preservatives                                |
| Target-Kategorie         | F4/80                                                                                |

|                        |                                                                                                                                          |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | in vivo Monocyte/Macrophage depletion, Functional assays, Immunohistochemistry (paraffin), Immunohistochemistry (frozen), Flow cytometry |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------|
