## Product Datasheet

### FlowMAb PE anti-human CD4, Clone: [RPA-T4], Mouse, Monoclonal BXC-FM0288-PE-025MCG-INDUSTRIAL

|                          |                                                                                      |
|--------------------------|--------------------------------------------------------------------------------------|
| Artikelname              | FlowMAb PE anti-human CD4, Clone: [RPA-T4], Mouse, Monoclonal                        |
| Artikelnummer            | BXC-FM0288-PE-025MCG-INDUSTRIAL                                                      |
| Hersteller Artikelnummer | FM0288-PE-025mcg                                                                     |
| Alternativnummer         | BXC-FM0288-PE-025MCG-25UG                                                            |
| Hersteller               | Bio X Cell                                                                           |
| Wirt                     | Mouse                                                                                |
| Kategorie                | Antikörper                                                                           |
| Spezies Reaktivität      | Human                                                                                |
| Immunogen                | Not available or unknown                                                             |
| Klonalität               | Monoclonal                                                                           |
| Konzentration            | Lot specific, typically between 4-11 mg/ml                                           |
| Klon-Bezeichnung         | [RPA-T4]                                                                             |
| Molekulargewicht         | 150 kDa                                                                              |
| Pubmed                   | <a href=https://pubmed.ncbi.nlm.nih.gov/27233453 target=_blank rel=nofollow>27233453 |
| Reinheit                 | 95% , Determined by SDS-PAGE                                                         |
| Formel                   | PBS, pH 7.0, Contains no stabilizers or preservatives                                |
| Target-Kategorie         | CD4                                                                                  |

|                        |                                                                                                                                       |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | in vitro CD4 blockade, in vitro blocking of CD4+ T cell activation, Immunofluorescence, Immunohistochemistry (frozen), Flow cytometry |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------|
