| Wirt                     | Rabbit                                                                                                                                                                                                                                                                 |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                             |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                                  |
| Immunogen                | Immunogen was synthetic peptide derived from Human Ghrelin. This antibody was produced from a rabbit immunized with the immunogen. The IgG fraction was purified from rabbit serum by ammonium sulphate precipitation followed by Protein A/G affinity chromatography. |
| Produktbeschreibung      | Rabbit anti-Ghrelin Biotinylated Antibody, 50 ug...                                                                                                                                                                                                                    |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                             |
| Tag                      | Biotin                                                                                                                                                                                                                                                                 |
| UniProt                  | NM_016362                                                                                                                                                                                                                                                              |
| Anwendungsbeschreibung   | ELISA (recommended work dilution= 1:10e6(at least detecting 2-5 µg/ml)), Western Blotting (recommended work dilution= 1:1000-5000(at least)), Enzyme Immunoassay (EIA) (recommended work dilution= Kit available)                                                      |
