| Artikelname              | Recombinant Creatine Kinase MM (Biomarker for Muscular Injury & Cardiac Damage) Antibody, Clone: [CKMM/13033R], Rabbit, Monoclonal                                                                                                                            |
| Artikelnummer            | NBT-1158-RBM8-P1ABX                                                                                                                                                                                                                                           |
| Hersteller Artikelnummer | 1158-RBM8-P1ABX                                                                                                                                                                                                                                               |
| Alternativnummer         | NBT-1158-RBM8-P1ABX-100                                                                                                                                                                                                                                       |
| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant human CKM protein                                                                                                                                                                                                                                 |
| Produktbeschreibung      | Creatine kinases (CKs) are a large family of isoenzymes that regulate levels of ATP in subcellular compartments, where they provide ATP at sites of fluctuating energy demand by the transfer of phosphates between creatine and adenine nucleotides. Crea... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [CKMM/13033R]                                                                                                                                                                                                                                                 |
| Molekulargewicht         | 43kDa                                                                                                                                                                                                                                                         |

|              |                                                                                                                                                                        |
