| Hersteller Artikelnummer | 59272-RBM7-P0                                                                                                                                                                                                                                                   |
| Alternativnummer         | NBT-59272-RBM7-P0-20                                                                                                                                                                                                                                            |
| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                              |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                      |
| Applikation              | IHC                                                                                                                                                                                                                                                             |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                           |
| Immunogen                | Recombinant fragment (around aa705-805) of human ACE2 (exact sequence is proprietary)                                                                                                                                                                           |
| Produktbeschreibung      | Carboxypeptidase which converts angiotensin I to angiotensin 1-9, a peptide of unknown function, and angiotensin II to angiotensin 1-7, a vasodilator. Also able to hydrolyze apelin-13 and dynorphin-13 with high efficiency. By cleavage of angiotensin II... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                      |
| Klon-Bezeichnung         | [MSVA-919R]                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 92kDa                                                                                                                                                                                                                                                           |

|              |                                                                                                                                                   |
