Product Datasheet

Recombinant HCV Core nucleocapsid Antigen, b-galactosidase-tagged, FLSCN-Labeled CRM-HCV-156

Artikelname	Recombinant HCV Core nucleocapsid Antigen, b-galactosidase-tagged, FLSCN-Labeled
Artikelnummer	CRM-HCV-156
Hersteller Artikelnummer	HCV-156
Alternativnummer	CRM-HCV-156-1
Hersteller	Creative BioMart
Kategorie	Proteine/Peptide
Molekulargewicht	Not Available
Anwendungsbeschreibung	PPFh is used as a replacement therapy in patients with complex deficiencies of coagulation factors such as coagulopathy. It is also used as a substitution therapy in emergency cases of factor deficiencies, for rapid reversal of the effects of oral anticoagulants or in dangerous hemorrhages during fibrinolytic therapy. PPFh can be used in therapeutic plasma exchange procedures including thrombotic thrombocytopenic purpura. PPFh can be used in the treatment of shock where there is a predominant loss of plasma fluids and not red blood cells.
