| Alternativnummer         | SYB-CHB833-100UG, SYB-CHB833-1MG                                                                                                                                                                    |
| Hersteller               | Sanyou Bio                                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                                          |
| Applikation              | ELISA, FA, FACS, Kinetics                                                                                                                                                                           |
| Produktbeschreibung      | Anti-NRP2 Reference Antibody (aTyr patent anti-NRP2)(CHB833) is expressed from CHO. The heavy chain type is IgG4SP-Opti, and the light chain type is kappa. It has a predicted MW of 145.56 kDa.... |
| Klonalität               | Monoclonal                                                                                                                                                                                          |
| Konzentration            | 1mg/ml                                                                                                                                                                                              |
| UniProt                  | <a href="#">O60462</a>                                                                                                                                                                              |
| Puffer                   | 25mM histidine, 8% sucrose, 0.01% Tween80 pH6.2                                                                                                                                                     |
| Reinheit                 | >95%                                                                                                                                                                                                |
| Formulierung             | Lyophilize                                                                                                                                                                                          |
| Target-Kategorie         | NRP2 / VEGF165R2                                                                                                                                                                                    |
