| Kategorie                | Kits/Assays                                                                                                                                                                             |
| Spezies Reaktivität      | Human                                                                                                                                                                                   |
| Produktbeschreibung      | Human Tumor Necrosis Factor Alpha (TNFalpha) Detection Kit (TRFRET) is expressed from Human . - Kits/Assays...                                                                          |
| Formulierung             | Solid                                                                                                                                                                                   |
| Target-Kategorie         | TNF-alpha                                                                                                                                                                               |
| Anwendungsbeschreibung   | The Human Tumor Necrosis Factor Alpha (TNF-alpha) Detection kit (TR-FRET) can be used to detected the level of human TNF-alpha protein in the supernatant. It is for research use only. |
