| Hersteller Artikelnummer | MME-H526a-1mg                                                                                                                                                                                                                                                 |
| Alternativnummer         | ABS-MME-H526A-1MG                                                                                                                                                                                                                                             |
| Hersteller               | AcroBiosystems                                                                                                                                                                                                                                                |
| Wirt                     | Human                                                                                                                                                                                                                                                         |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Cluster of differentiation 10 (CD10) is also known as membrane metalloendopeptidase, neutral endopeptidase (NEP), Neprilysin, and common acute lymphoblastic leukemia antigen (CALLA), is a 90110kDa type II transmembrane glycoprotein normally expressed... |
| Molekulargewicht         | 106.8 kDa                                                                                                                                                                                                                                                     |
| Tag                      | N-Fc                                                                                                                                                                                                                                                          |
| NCBI                     | <a href="#">000893</a>                                                                                                                                                                                                                                        |
| Puffer                   | 50 mM Tris, 100 mM Glycine, 25 mM Arginine, 150 mM NaCl, pH7.5                                                                                                                                                                                                |
| Reinheit                 | 95%                                                                                                                                                                                                                                                           |
| Formulierung             | Powder                                                                                                                                                                                                                                                        |
