| Artikelname              | Mouse IgG2a isotype control [MOPC-173] (APC), Monoclonal                                                                                            |
| Artikelnummer            | GTX00503-07                                                                                                                                         |
| Hersteller Artikelnummer | GTX00503-07                                                                                                                                         |
| Alternativnummer         | GTX00503-07-100                                                                                                                                     |
| Hersteller               | GeneTex                                                                                                                                             |
| Wirt                     | Mouse                                                                                                                                               |
| Kategorie                | Antikörper                                                                                                                                          |
| Applikation              | FC                                                                                                                                                  |
| Immunogen                | The transplantable plasmacytoma MOPC-173 was induced by intraperitoneal injection of mineral oils into BALB/c mice.                                 |
| Konjugation              | APC                                                                                                                                                 |
| Klonalität               | Monoclonal                                                                                                                                          |
| Konzentration            | Batch dependent (Please refer to the vial label for the specific concentration.)                                                                    |
| Klon-Bezeichnung         | [MOPC-173]                                                                                                                                          |
| Isotyp                   | IgG2a                                                                                                                                               |
| Sensitivitaet            | This antibody reacts with an unknown epitope. It does not react with a variety of resting, activated, live, and fixed mouse, rat and human tissues. |

|              |                         |
|--------------|-------------------------|
| Puffer       | PBS, 15mM Sodium azide. |
| Formulierung | Liquid                  |
