| Konjugation              | PE/Cy7                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | The H57-597 antibody is specific for the beta chain of the mouse T cell Receptor (TCR). This cell surface protein combines with a second protein chain (alpha chain) to form the alpha-beta TCR that is expressed by NK1.1+ thymocytes, NKT cells, and the... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.2 mg/ml (Please refer to the vial label for the specific concentration.)                                                                                                                                                                                    |
| Klon-Bezeichnung         | [H57-597]                                                                                                                                                                                                                                                     |
| NCBI                     | <a href="#">21577</a>                                                                                                                                                                                                                                         |

|                        |                                                                                                             |
|------------------------|-------------------------------------------------------------------------------------------------------------|
| Puffer                 | 10mM NaH <sub>2</sub> PO <sub>4</sub> , 150mM NaCl, 0.1% Gelatin, 0.09% Sodium azide.                       |
| Formulierung           | Liquid                                                                                                      |
| Anwendungsbeschreibung | *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
