## Product Datasheet

### Goat Anti-Mouse IgG2a (Heavy chain) antibody, pre-adsorbed (TRITC), Polyclonal GTX04210-25

|                          |                                                                                                                                                    |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Goat Anti-Mouse IgG2a (Heavy chain) antibody, pre-adsorbed (TRITC), Polyclonal                                                                     |
| Artikelnummer            | GTX04210-25                                                                                                                                        |
| Hersteller Artikelnummer | GTX04210-25                                                                                                                                        |
| Alternativnummer         | GTX04210-25-1                                                                                                                                      |
| Hersteller               | GeneTex                                                                                                                                            |
| Wirt                     | Goat                                                                                                                                               |
| Kategorie                | Antikörper                                                                                                                                         |
| Applikation              | ELISA, ELISpot, EM, FC, ICC, IHC-Fr, IHC-P, Purification, WB                                                                                       |
| Spezies Reaktivität      | Mouse                                                                                                                                              |
| Immunogen                | Pooled antisera from goats hyperimmunized with mouse IgG2a                                                                                         |
| Konjugation              | TRITC                                                                                                                                              |
| Klonalität               | Polyclonal                                                                                                                                         |
| Konzentration            | 1 mg/ml (Please refer to the vial label for the specific concentration.)                                                                           |
| Sensitivitaet            | Pre-adsorbed with Mouse IgG1, IgG2b, IgG3, IgM, and IgA, human immunoglobulins and pooled sera. May react with immunoglobulins from other species. |
| Puffer                   | PBS, 0.09% sodium azide.                                                                                                                           |

|                        |                                                                                                                                 |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                                                          |
| Target-Kategorie       | IgG2a (Heavy chain)                                                                                                             |
| Anwendungsbeschreibung | ELISA: 1:100-1:400. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
