| Artikelname              | Goat Anti-Mouse IgG3 (Heavy chain) antibody, pre-adsorbed (HRP), Polyclonal                                                                                |
| Artikelnummer            | GTX04221-01                                                                                                                                                |
| Hersteller Artikelnummer | GTX04221-01                                                                                                                                                |
| Alternativnummer         | GTX04221-01-1                                                                                                                                              |
| Hersteller               | GeneTex                                                                                                                                                    |
| Wirt                     | Goat                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                 |
| Applikation              | ELISA, WB                                                                                                                                                  |
| Spezies Reaktivität      | Mouse                                                                                                                                                      |
| Immunogen                | Pooled antisera from goats hyperimmunized with mouse IgG3                                                                                                  |
| Konjugation              | HRP                                                                                                                                                        |
| Klonalität               | Polyclonal                                                                                                                                                 |
| Konzentration            | Batch dependent (Please refer to the vial label for the specific concentration.)                                                                           |
| Sensitivitaet            | Pre-adsorbed with Mouse IgG1, IgG2a, IgG2b, IgM, and IgA, human, bovine, and horse serum proteins (SP). May react with immunoglobulins from other species. |
| Puffer                   | PBS, 50% glycerol, no preservatives.                                                                                                                       |

|                        |                                                                                                                                   |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                                                            |
| Target-Kategorie       | IgG3 (Heavy chain)                                                                                                                |
| Anwendungsbeschreibung | ELISA: 1:4000-1:8000. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
