## Product Datasheet

### Goat Anti-Rabbit IgG F(ab)2 antibody, pre-adsorbed (HRP), Polyclonal GTX04273-01

|                          |                                                                                            |
|--------------------------|--------------------------------------------------------------------------------------------|
| Artikelname              | Goat Anti-Rabbit IgG F(ab)2 antibody, pre-adsorbed (HRP), Polyclonal                       |
| Artikelnummer            | GTX04273-01                                                                                |
| Hersteller Artikelnummer | GTX04273-01                                                                                |
| Alternativnummer         | GTX04273-01-1                                                                              |
| Hersteller               | GeneTex                                                                                    |
| Wirt                     | Goat                                                                                       |
| Kategorie                | Antikörper                                                                                 |
| Applikation              | ELISA, IHC, WB                                                                             |
| Spezies Reaktivität      | Rabbit                                                                                     |
| Immunogen                | Rabbit IgG F(ab)2 fragment                                                                 |
| Konjugation              | HRP                                                                                        |
| Klonalität               | Polyclonal                                                                                 |
| Sensitivitaet            | Pre-adsorbed with Human serum proteins. May react with immunoglobulins from other species. |
| Puffer                   | 10mM Sodium Phosphate, 150mM NaCl, 1% BSA, 0.01% Gentamicin Sulfate.                       |
| Formulierung             | Liquid                                                                                     |
| Target-Kategorie         | IgG F(ab)2                                                                                 |

|                        |                                                                                                                                                                          |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | WB: 1:2000-1:20000. ELISA: 1:130000. IHC: 1:1000-1:10000.<br>*Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
