## Product Datasheet

### CDKN2A / p16INK4a antibody, Unconjugated, Rabbit, Polyclonal GTX05147

|                          |                                                                                                                                                      |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | CDKN2A / p16INK4a antibody, Unconjugated, Rabbit, Polyclonal                                                                                         |
| Artikelnummer            | GTX05147                                                                                                                                             |
| Hersteller Artikelnummer | GTX05147                                                                                                                                             |
| Alternativnummer         | GTX05147-100                                                                                                                                         |
| Hersteller               | GeneTex                                                                                                                                              |
| Wirt                     | Rabbit                                                                                                                                               |
| Kategorie                | Antikörper                                                                                                                                           |
| Applikation              | ELISA, ICC, IHC-P, WB                                                                                                                                |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                    |
| Immunogen                | Peptide corresponding to 18 amino acids near the amino terminus of human CDKN2A. The immunogen is located within the first 50 amino acids of CDKN2A. |
| Konjugation              | Unconjugated                                                                                                                                         |
| Klonalität               | Polyclonal                                                                                                                                           |
| Konzentration            | 1 mg/ml (Please refer to the vial label for the specific concentration.)                                                                             |
| Molekulargewicht         | 17                                                                                                                                                   |
| NCBI                     | <a href="#">1029</a>                                                                                                                                 |
| UniProt                  | <a href="#">P42771</a> , <a href="#">Q8N726</a>                                                                                                      |
| Puffer                   | PBS, 0.02% Sodium azide.                                                                                                                             |

|                        |                                                                                                                                                                     |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                                                                                              |
| Anwendungsbeschreibung | WB: 1 - 4 µg/mL. ICC/IF: 20 µg/mL. IHC-P: 5 - 10 µg/mL. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
