| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FC, ICC, IHC-Fr, IHC-P, IP, WB                                                                                                                                                                                                                                |
| Spezies Reaktivität      | Frog, Human, Mouse, Rat, Rhinoceros                                                                                                                                                                                                                           |
| Immunogen                | Recombinant protein encompassing a sequence within the center region of human SOX2. The exact sequence is proprietary.                                                                                                                                        |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | SOX2 antibody detects SOX2 protein, a basic helix-loop-helix transcription factor (predicted molecular weight of 34 kDa). SOX2 is an indispensable factor for regulating embryonic development and in the generation of inducible pluripotent stem (iPS) c... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.19 mg/ml (Please refer to the vial label for the specific concentration.)                                                                                                                                                                                   |
| Molekulargewicht         | 34                                                                                                                                                                                                                                                            |

|                        |                                                                                                                                                                                                                                    |
