| Artikelname              | Mimitin antibody, Unconjugated, Rabbit, Polyclonal                                                                                                                                         |
| Artikelnummer            | GTX85237                                                                                                                                                                                   |
| Hersteller Artikelnummer | GTX85237                                                                                                                                                                                   |
| Alternativnummer         | GTX85237-100                                                                                                                                                                               |
| Hersteller               | GeneTex                                                                                                                                                                                    |
| Wirt                     | Rabbit                                                                                                                                                                                     |
| Kategorie                | Antikörper                                                                                                                                                                                 |
| Applikation              | ELISA, ICC, WB                                                                                                                                                                             |
| Spezies Reaktivität      | Human                                                                                                                                                                                      |
| Immunogen                | Mimitin antibody was raised against a 14 amino acid synthetic peptide from near the carboxy terminus of human Mimitin. The immunogen is located within the last 50 amino acids of Mimitin. |
| Konjugation              | Unconjugated                                                                                                                                                                               |
| Klonalität               | Polyclonal                                                                                                                                                                                 |
| Konzentration            | 1 mg/ml (Please refer to the vial label for the specific concentration.)                                                                                                                   |
| Molekulargewicht         | 20                                                                                                                                                                                         |
| Sensitivität             | This antibody is specific for Mimitin Internal                                                                                                                                             |
| NCBI                     | <a href="#">91942</a>                                                                                                                                                                      |
| UniProt                  | <a href="#">Q8N183</a>                                                                                                                                                                     |

|                        |                                                                                                                                                |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | PBS, 0.02% Sodium azide.                                                                                                                       |
| Formulierung           | Liquid                                                                                                                                         |
| Anwendungsbeschreibung | WB: 1 - 2 µg/mL. ICC/IF: 20 µg/mL. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
