| Artikelname              | KLHL15 antibody, Unconjugated, Rabbit, Polyclonal                                                                                                                                  |
| Artikelnummer            | GTX85275                                                                                                                                                                           |
| Hersteller Artikelnummer | GTX85275                                                                                                                                                                           |
| Alternativnummer         | GTX85275-100                                                                                                                                                                       |
| Hersteller               | GeneTex                                                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                                                             |
| Kategorie                | Antikörper                                                                                                                                                                         |
| Applikation              | ELISA, ICC, WB                                                                                                                                                                     |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                  |
| Immunogen                | KLHL15 antibody was raised against a 15 amino acid synthetic peptide near the carboxy terminus of human KLHL15. The immunogen is located within the last 50 amino acids of KLHL15. |
| Konjugation              | Unconjugated                                                                                                                                                                       |
| Klonalität               | Polyclonal                                                                                                                                                                         |
| Konzentration            | 1 mg/ml (Please refer to the vial label for the specific concentration.)                                                                                                           |
| Molekulargewicht         | 70                                                                                                                                                                                 |
| NCBI                     | <a href="#">80311</a>                                                                                                                                                              |
| UniProt                  | <a href="#">Q96M94</a>                                                                                                                                                             |
| Puffer                   | PBS, 0.02% Sodium azide.                                                                                                                                                           |

|                        |                                                                                                                                               |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                                                                        |
| Anwendungsbeschreibung | WB: 1 - 2 µg/mL. ICC/IF: 5 µg/mL. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
