## Product Datasheet

### UCMA antibody, Unconjugated, Rabbit, Polyclonal GTX85279

|                          |                                                                                                                                                                              |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | UCMA antibody, Unconjugated, Rabbit, Polyclonal                                                                                                                              |
| Artikelnummer            | GTX85279                                                                                                                                                                     |
| Hersteller Artikelnummer | GTX85279                                                                                                                                                                     |
| Alternativnummer         | GTX85279-100                                                                                                                                                                 |
| Hersteller               | GeneTex                                                                                                                                                                      |
| Wirt                     | Rabbit                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                   |
| Applikation              | ELISA, WB                                                                                                                                                                    |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                 |
| Immunogen                | UCMA antibody was raised against a 16 amino acid synthetic peptide near the carboxy terminus of human UCMA. The immunogen is located within the last 50 amino acids of UCMA. |
| Konjugation              | Unconjugated                                                                                                                                                                 |
| Klonalität               | Polyclonal                                                                                                                                                                   |
| Konzentration            | 1 mg/ml (Please refer to the vial label for the specific concentration.)                                                                                                     |
| Molekulargewicht         | 17                                                                                                                                                                           |
| NCBI                     | <a href="#">221044</a>                                                                                                                                                       |
| UniProt                  | <a href="#">Q8WVF2</a>                                                                                                                                                       |
| Puffer                   | PBS, 0.02% Sodium azide.                                                                                                                                                     |

|                        |                                                                                                                                |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                                                         |
| Anwendungsbeschreibung | WB: 2.5 - 5 µg/mL. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
