## Product Datasheet

### Calnexin antibody, Internal (near N-term), Unconjugated, Goat, Polyclonal GTX88369

|                          |                                                                                                                                       |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Calnexin antibody, Internal (near N-term), Unconjugated, Goat, Polyclonal                                                             |
| Artikelnummer            | GTX88369                                                                                                                              |
| Hersteller Artikelnummer | GTX88369                                                                                                                              |
| Alternativnummer         | GTX88369-100                                                                                                                          |
| Hersteller               | GeneTex                                                                                                                               |
| Wirt                     | Goat                                                                                                                                  |
| Kategorie                | Antikörper                                                                                                                            |
| Applikation              | ELISA, ICC, IHC-P, WB                                                                                                                 |
| Spezies Reaktivität      | Human, Mouse                                                                                                                          |
| Immunogen                | Peptide with sequence C-SKTPELNLDQFHDKT, from the internal region (near N Terminus) of the protein sequence according to NP_001737.1. |
| Konjugation              | Unconjugated                                                                                                                          |
| Klonalität               | Polyclonal                                                                                                                            |
| Konzentration            | 0.50 mg/ml (Please refer to the vial label for the specific concentration.)                                                           |
| Molekulargewicht         | 68                                                                                                                                    |
| NCBI                     | <a href="#">821</a>                                                                                                                   |

|                        |                                                                                                                                                                 |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">P27824</a>                                                                                                                                          |
| Puffer                 | TBS, 0.5% BSA, 0.02% Sodium azide.                                                                                                                              |
| Formulierung           | Liquid                                                                                                                                                          |
| Anwendungsbeschreibung | WB: 0.3-1µg/ml. ICC/IF: 1-2µg/ml. IHC-P: 3.75µg/ml. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
