| Immunogen                | Ser27-Arg332                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Recombinant Mouse IL1RL1/ST2 Protein is produced by HEK293 cells expression system. The target protein is expressed with sequence (Ser27-Arg332) of mouse IL-1RL1/ST2 (Accession NP_001020773.1) fused with a 6*His tag at the C-terminus.... |
| Konzentration            | < 0.1 EU/μg of the protein by LAL method.                                                                                                                                                                                                     |
| Molekulargewicht         | 35.94 kDa                                                                                                                                                                                                                                     |
| Tag                      | C-His                                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">17082</a>                                                                                                                                                                                                                         |
| UniProt                  | <a href="#">P14719</a>                                                                                                                                                                                                                        |

|                        |                                                                 |
|------------------------|-----------------------------------------------------------------|
| Quelle                 | HEK293 cells                                                    |
| Reinheit               | 95 % as determined by SDS-PAGE.                                 |
| Formulierung           | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4.    |
| Target-Kategorie       | IL-1RL1/ST2                                                     |
| Application Verdünnung | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4.    |
| Anwendungsbeschreibung | ResearchArea: Cytokines & Cytokine receptors. Shipping: Ice Bag |
