| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                             |
| Immunogen                | Gly24-Lys238                                                                                                                                                                                                                                      |
| Produktbeschreibung      | Recombinant Mouse LILRB4/ILT-3/CD85k Protein is produced by HEK293 cells expression system. The target protein is expressed with sequence (Gly24-Lys238) of mouse LILRB4 (Accession NP_038560.1) fused with and a 6*His tag at the C-terminus.... |
| Konzentration            | < 0.1 EU/µg of the protein by LAL method.                                                                                                                                                                                                         |
| Molekulargewicht         | 24.87 kDa                                                                                                                                                                                                                                         |
| Tag                      | C-6His                                                                                                                                                                                                                                            |

| Quelle                   | HEK293 cells                                                                                                                                                                                                                                      |

|                        |                                                              |
|------------------------|--------------------------------------------------------------|
| Reinheit               | 95 % as determined by SDS-PAGE.                              |
| Formulierung           | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4. |
| Target-Kategorie       | LILRB4/CD85k/ILT3                                            |
| Application Verdünnung | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4. |
| Anwendungsbeschreibung | ResearchArea: Other Recombinant Protein. Shipping: Ice Bag   |
