| Wirt                     | Human                                                                                                                                                                                                                         |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                              |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                         |
| Immunogen                | Ala31-Thr704                                                                                                                                                                                                                  |
| Produktbeschreibung      | Recombinant Human CD320 Protein is produced by HEK293 cells expression system. The target protein is expressed with sequence (Ser36-Val231) of human CD320 (Accession NP_057663.1) fused with a His tag at the C-terminus.... |
| Konzentration            | < 0.01 EU/µg of the protein by LAL method                                                                                                                                                                                     |
| Molekulargewicht         | 20.88 kDa                                                                                                                                                                                                                     |
| Tag                      | C-His                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">51293</a>                                                                                                                                                                                                         |
| UniProt                  | <a href="#">Q9NPF0</a>                                                                                                                                                                                                        |

|                        |                                                              |
|------------------------|--------------------------------------------------------------|
| Quelle                 | HEK293 cells                                                 |
| Reinheit               | 95 % as determined by SDS-PAGE.                              |
| Formulierung           | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4. |
| Target-Kategorie       | CD320                                                        |
| Application Verdünnung | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4. |
| Anwendungsbeschreibung | ResearchArea: Bio-Markers & CD Antigens. Shipping: Ice Bag   |
