| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                    |
| Immunogen                | Gln20-Cys130                                                                                                                                                                                                                             |
| Produktbeschreibung      | Recombinant Human Thy-1/CD90 Protein is produced by HEK293 cells expression system. The target protein is expressed with sequence (Gln20-Cys130) of Human Thy-1/CD90 (Accession NP_001298089.1) fused with hFc tag at the N-terminus.... |
| Konzentration            | < 0.01 EU/μg of the protein by LAL method                                                                                                                                                                                                |
| Molekulargewicht         | 25.33 kDa                                                                                                                                                                                                                                |
| Tag                      | N-hFC                                                                                                                                                                                                                                    |

| UniProt                  | <a href="#">P04216</a>                                                                                                                                                                                                                   |

|                        |                                                              |
|------------------------|--------------------------------------------------------------|
| Quelle                 | HEK293 cells                                                 |
| Reinheit               | 95 % as determined by SDS-PAGE.                              |
| Formulierung           | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4. |
| Target-Kategorie       | THY1/CD90                                                    |
| Application Verdünnung | Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4. |
| Anwendungsbeschreibung | ResearchArea: Bio-Markers & CD Antigens. Shipping: Ice Bag   |
