| Kategorie                | Antikörper                                                                                                                                                                                                                                               |
| Applikation              | IF, WB                                                                                                                                                                                                                                                   |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                        |
| Konjugation              | Cy5.5                                                                                                                                                                                                                                                    |
| Produktbeschreibung      | Acts downstream of various receptor and cytoplasmic protein tyrosine kinases to participate in the signal transduction from the cell surface to the nucleus. Dephosphorylates ROCK2 at Tyr-722 resulting in stimulation of its RhoA binding activity.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                               |
| Konzentration            | 1ug/ul                                                                                                                                                                                                                                                   |
