| Applikation              | WB                                                                                                                                                                                        |
| Spezies Reaktivität      | Human                                                                                                                                                                                     |
| Konjugation              | Cy5.5                                                                                                                                                                                     |
| Produktbeschreibung      | Potential tumor suppressor. Acts as a KRAS-specific effector protein. May promote apoptosis and cell cycle arrest. Stabilizes STK3/MST2 by protecting it from proteasomal degradation.... |
| Klonalität               | Recombinant                                                                                                                                                                               |
| Konzentration            | Lot dependent                                                                                                                                                                             |
| NCBI                     | <a href="#">9770</a>                                                                                                                                                                      |
| UniProt                  | <a href="#">P50749</a>                                                                                                                                                                    |
| Puffer                   | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                                   |

|                        |                                                            |
