| Spezies Reaktivität      | Mouse, Rat                                                                                                                                                                                                                                                                                           |
| Konjugation              | APC                                                                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Binds water, Ca <sup>2+</sup> , Na <sup>+</sup> , K <sup>+</sup> , fatty acids, hormones, bilirubin and drugs (Probable). Its main function is the regulation of the colloidal osmotic pressure of blood (Probable). Major zinc transporter in plasma, typically binds about 80% of all plasma zi... |
| Klonalität               | Recombinant                                                                                                                                                                                                                                                                                          |
