| Artikelname              | RPEL1 Antibody, Rabbit, Polyclonal                                                                             |
| Artikelnummer            | NSJ-F40008-0.08ML                                                                                              |
| Hersteller Artikelnummer | F40008-0.08ML                                                                                                  |
| Alternativnummer         | NSJ-F40008-0.08ML                                                                                              |
| Hersteller               | NSJ Bioreagents                                                                                                |
| Wirt                     | Rabbit                                                                                                         |
| Kategorie                | Antikörper                                                                                                     |
| Applikation              | ELISA, FACS, WB                                                                                                |
| Spezies Reaktivität      | Human, Mouse                                                                                                   |
| Immunogen                | A portion of amino acids 187-215 from the human protein was used as the immunogen for this RPEL1 antibody.     |
| Produktbeschreibung      | RPEL1 catalyzes the reversible epimerization of D-ribulose 5-phosphate to D-xylulose 5-phosphate. [UniProt]... |
| Klonalität               | Polyclonal                                                                                                     |
| UniProt                  | <a href="#">Q2QD12</a>                                                                                         |
| Reinheit                 | Antigen affinity                                                                                               |
| Formulierung             | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                     |
| Antibody Type            | Primary Antibody                                                                                               |
| Application Verdünnung   | Western blot: 1:1000,Flow Cytometry: 1:10-1:50                                                                 |

|                        |                                                                                                                      |
|------------------------|----------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | Titration of the RPEL1 antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
