| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids 521-554 from the human protein was used as the immunogen for this HGF antibody.                                                                                                                                                      |
| Produktbeschreibung      | Hepatocyte Growth Factor regulates cell growth, cell motility, and morphogenesis by activating a tyrosine kinase signaling cascade after binding to the proto-oncogenic c-Met receptor. Hepatocyte growth factor is secreted by mesenchymal cells and acts... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [489CT6.12.6]                                                                                                                                                                                                                                                 |
| UniProt                  | <a href="#">P14210</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified                                                                                                                                                                                                                                                      |

|                        |                                                                                                                    |
|------------------------|--------------------------------------------------------------------------------------------------------------------|
| Formulierung           | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                         |
| Antibody Type          | Primary Antibody                                                                                                   |
| Application Verdünnung | Western blot: 1:100-1:250                                                                                          |
| Anwendungsbeschreibung | Titration of the HGF antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
