| Hersteller Artikelnummer | F41205-0.4ML                                                                                                                                                                                                                                                  |
| Alternativnummer         | NSJ-F41205-0.4ML                                                                                                                                                                                                                                              |
| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, FACS, IHC, WB                                                                                                                                                                                                                                          |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids 780-809 from the human protein was used as the immunogen for this CAD antibody.                                                                                                                                                      |
| Produktbeschreibung      | The de novo synthesis of pyrimidine nucleotides is required for mammalian cells to proliferate. This gene encodes a trifunctional protein which is associated with the enzymatic activities of the first 3 enzymes in the 6-step pathway of pyrimidine bio... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">P27708</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Antigen affinity                                                                                                                                                                                                                                              |
| Formulierung             | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                                                                                                                                                                    |

|                        |                                                                                                                    |
|------------------------|--------------------------------------------------------------------------------------------------------------------|
| Antibody Type          | Primary Antibody                                                                                                   |
| Application Verdünnung | Western blot: 1:1000,IHC (Paraffin): 1:10-1:50,Flow Cytometry: 1:10-1:50                                           |
| Anwendungsbeschreibung | Titration of the CAD antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
