| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, FACS, WB                                                                                                                                                                                                                                               |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids 252-281 from the human protein was used as the immunogen for this TNFR1 antibody.                                                                                                                                                    |
| Produktbeschreibung      | The protein encoded by this gene is a member of the TNF-receptor superfamily. This protein is one of the major receptors for the tumor necrosis factor-alpha. This receptor can activate NF-kappaB, mediate apoptosis, and function as a regulator of infl... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">P19438</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Antigen affinity                                                                                                                                                                                                                                              |
| Formulierung             | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                                                                                                                                                                    |

|                        |                                                                                                                      |
|------------------------|----------------------------------------------------------------------------------------------------------------------|
| Antibody Type          | Primary Antibody                                                                                                     |
| Application Verdünnung | Western blot: 1:1000,Flow Cytometry: 1:10-1:50                                                                       |
| Anwendungsbeschreibung | Titration of the TNFR1 antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
